

BRIDGEWATER

Ray Dalio | BRIDGEWATER | Indexes

Passive - index focused 11B

BRIDGEWATER is a passive fund that is focused on asset allocation in different equity indexes (it's 2 biggest holdings are SPY and VWO)

Geographic diversification

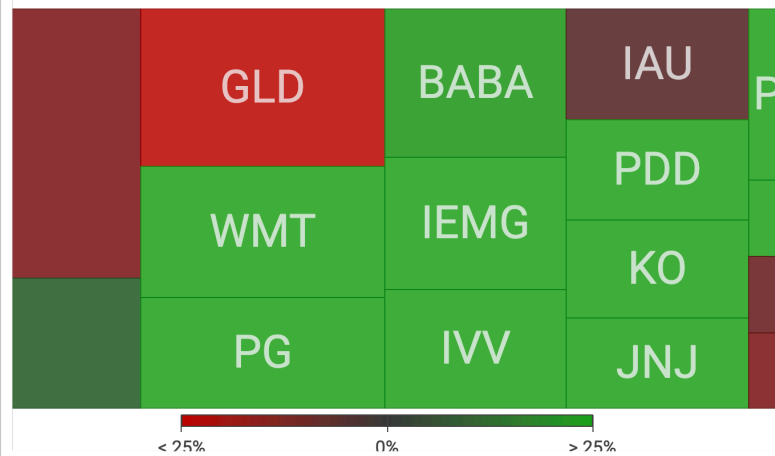

This fund tries to find the right combination of domestic and international investments. Depending on the short term outlook - the fund might have a higher allocation to domestic equities. On the other hand, when emerging markets deliver higher returns - in times of economic expansion - the fund shifts to indexes invested in those countries.

Teaching others.

PAIN + REFLECTION = PROGRESS Ray Dalio published multiple books - including the best selling, "PRINCIPLES"
